Subj - Improvement of roads in Regulated Market areas

I write to state that on a reference received from the Secretary, Regulated Market Committee, Davangere intimating that the Market Committee is agreeable to contribute Rs 10,000/- for improvement of roads, the Municipal Council while approving the draft Budjet estimates of the Municipality for 1955-56 have provided Rs 30,000/- for works in Regulated Market area under D1 Original Works which was included in the total provision of Rs 1,40,000/- The contribution of Rs 10,000/- from the Regulated Market is also shown on the receipt side of the draft Budget estimates for 1955-56 under D3, which is since approved by Government Subsequently revised proposals in the matter of enhancing the budget provision were sent to Government in which the provision on the Expenditure side under D1 Original Works was requested to be enhanced to Rs 3,57,550/- But Government while sanctioning the Budget have reduced this provision to Rs 2,08,087/- for want of funds Out of this a sum of Rs 1,79,045/= is required for settling the claims in respect of works already undertaken including old claims (this amount also includes the amount spent during the current year)

The Municipal Council at their meeting held on 21-9-1955 have sanctioned the following 3 works to be undertaken in Regulated Market area

Name of work	Amount of estimate
1) Improving Regulated Market roads (2¼ miles distance) connecting Jagalur road	Rs 23,000/-
2) Improving the 1st culvert in Regulated Market Area	Rs 4,200/-
3) Improving 2nd culvert in Regulated Market area	Rs 1,400/-
	Rs 28,600

P T O

Since works bearing Sl No 2 and 3 are within the powers of the Municipal Council the Works have been taken up for execution

Since the Estimate for improving the Regulated Market road (Distance 2¼ miles) connecting Jagalur road exceeds Rs 10,000/- , sanction of Government is necessary As the Regulated Market is contributing Rs 10,000/- towards execution of these works, I - request you kindly to obtain and communicate sanction to the - estimate for Rs 23,000/- for improving the Regulated Market roads connecting Jagalur road at an early date as the same are in urgent need of repairs

As this is an improvement work it is chargeable to D2- Repairs on the expenditure side of the budget for 1955-56 but provision on this account is included under the head D1 - Original Works Since the Council is itself competant to sanction - re-appropriation in this behalf necessary reappropriation will be got sanctioned by the Municipal Council before executing the work.

Copy of Letter No R M 1172 of 54-55, dated 10-1-1955 received from the Secretary of the Regulated Market Committee, Davangere, together with a copy of its enclosure ~~in original~~, copy of the resolution of the - Municipal Council sanctioning the estimate for Rs 23,000/- referred to above and the estimate are herein enclosed for kind perusal

The Commissioner,
City Municipality,
Davangere

Sir,

Subje Roads-Market

With reference to the above I write to state that the roads in the Market and the approach roads particularly approach road from the Jagalur Road and the B D Road are in a very bad condition and to say the least they are un-traffic worthy It is a common site to see daily two or more carts laden with produce broken down on these roads as the middle of the road is not fit for traffic and the carts are forced to take the side ways Recently a motor lofry fully loaded ran into a ditch by the side of the B D Road providentially escaped without loss of life I am sure you are aware of the feelings of this Committee in the matter of these roads particularly the roots representatives who are vehemently criticising the forma-tion and maintenance of these roads

In this connection I may state that the Hundekars who are engaged in transporting produce from market have not so far paid the license fee on carts under protest on account of the bad condi-tion of the roads

Further I may add that the Committee at ~~this~~ its meeting held on 3-9-1954 has resolved to earmark Rs 10,000/- out of its funds and that the Municipal Council be requested to contribute twice the amount rs 20,000/- and that the works should be undertaken on certain conditions

I therefore request you to kindly take such action as is necessary to make the roads and the approach roads traffic worthy

The resolution of the Committee is herein enclosed for further needful action by the Municipal Council

Yours faithfully,

sd/ H S Ramachandra,
Secretary,
Regulated Market Committee,
Davangere

Government of Mysore,
Bangalore

Sir,

Subject Permitting the Davangere Municipality to commence repairing Jagalur approach road to Regulated Market, Davangere in anticipation of sanction of Government
--

With reference to the above, I write to state that the above road has deteriorated very much on account of heavy rains and is not traffic worthy The Hundekars engaged in transporting Agricultural produce were frequently complaining about the bad condition of the road The Local Municipality is responsible for the proper maintainance of the roads and approach roads to the Market Since the Municipality was not in a position to bear the entire cost of repairing this road, the Market Committee has provided for a sum of Rs 10,000/- The budget has been approved by the Chief Marketing Officer

The Municipal Council has sought sanction of Government to take up the repairing this road at an estimated cost of Rs 23,000/- vide No HC 79/5-9-55

In this connection I wish to point out that the merchants refrained from participating in the Regulated Market auctions, on 24th September 1955 as a protest against the bad condition of the road

The Proprietors of bullock lorry owners have issued a printed notice refusing to transport produce with effect from 3-10-1955 and as such auctioning of produce was not held on 3-10-1955 on account of the same road The groundnut season is in full swing and the arrivals per

per day average over ten thousand bags and stocks have been accumulating in the Market The selling ryots are also put to lot of inconvenience The Municipal Council members and some Regulated Market Committee members interviewed the Hon'ble Minister for Public Health and Local Self Government during his recent visit to Davangere on 3-10-1955 and requested for permission to commence work in anticipation of Government sanction on account of extreme urgency in the circumstances narrated above The work will be entrusted only after calling for - tenders

I therefore request you to obtain early sanction of Government permitting the Municipality to entrust the work after calling for tenders, pending sanction of Government

Yours faithfully,

T V Reddy

Dear Sir,

Subject - Improvements of roads in Regulated - Market area in Davangere City - Sanction to the estimate for Rs 23,000/-

---

I write to invite kind reference to this Office letter of even No dated 20/24th October 1955 on the above subject - and to state that there is great pressure from the President, Municipal Councillors, and Public to commence execution of the work of repairing the above roads immediately As already stated in this office letter dated 4/12th October 1955 there was a strike in the market on account of non repairs to roads and it is apprehended that there will be another strike by - the hundekars, if the roads in and leading to the market - area are not repaired early I therefore request you kindly to obtain and communicate very early sanction of Government to the estimate for Rs 23,000/- in this behalf and to carry on the work in accordance with the resolution of the Municipal Council dated 16-10-1955, namely, to call for item-war tenders and to entrust the work to several contractors on piece work basis

I also solicit kind instructions whether I may take action to commence the work in anticipation of kind sanction of Government in view of the urgency of the work I request the favour of a line in reply if possible, by return of post

With regards,
Yours Sincerely,

Subject: Improvement of roads in Regulated Market Area -Sanction to the estimate for Rs. 23,000/-

4676/M

In continuation of this Office letter of even No. dated 2nd September 1955, on the above subject, I write to state that the Municipal Council at their meeting held on 4-10-1955 have unanimously resolved that in view of the great urgency of repairing the roads in Regulated Market area and with a view to give immediate relief to the carts and merchants in the matter of movement of their ~~carts~~ goods from and to the Regulated Market, the Municipal Commissioner be authorised to call for tenders in respect of the estimate for Rs. 23,000/- for improving the roads in Regulated Market area/and to commence execution of the work immediately in anticipation of sanction of Government to the said estimate

In this connection, I wish to bring to the kind notice of Government that the "Hundekars" in Regulated Market have struck work on 3-10-1955 as a mark of protest against the non-repairs to the roads, thus causing great hardship for the sale of groundnuts brought by the carts to the Market. Further, I write to state that at the time the Honourable Minister for Public Health and Local Self Government inspected the City on 3-10-1955, a representation was made by the President and Municipal Councillors in the matter and he was pleased to say that early sanction to the estimate will be accorded

In view of the Council resolution I have this day called for tenders in respect of the estimate for Rs 23,000/- for repairing the roads in Regulated Market Area

I request you kindly to obtain and communicate early sanction of Government to the estimate for Rs 23,000/- in question

A copy of the resolution of the Municipal Council referred to above is enclosed for kind information

Subj - Improvements of roads in Regulated Market area in Davangere City - sanction to the estimate - for Rs 23,000/-

Ref:- Your letter No L 8176/CM 28-55-4, dated 5-10-1955

With reference to the above, I write to state that the Municipal Council at their meeting held on 16-10-1955 have resolved that itemwar tenders i e , rates for metal, gravel and sand be called for and the work entrusted to several contractors on piece work basis as per report of the Municipal Engineer dated 5th October 1955 since no tenders are received and also in view of the urgency of the work It was further resolved thereat that the Government be requested kindly to accord sanction to the estimate for Rs 23,000/- since it is for the roads both insid the Regulated Market area and also outside the area but withi Municipal limits

As already reported in my letter of even No dated 4/12th October 1955 tenders were called for in respect of the work fixing the last date for receipt of tenders to 12-10-1955 But no tenders were received

I wish to bring to the kind notice of Government that previously Government in their order No A F 672-5/Mart-39-49-2, dated 15/19th April 1950 have approved the resolution dated 28-2-1950 of the Davangere Regulated Market Committee which is as follows:-

"that the work relating to the layout of sites formation of approach and interior roads water and Electric supply etc , of the Market may be entrusted to the local Municipality and that the entire amount to be realised by sale of sites may be given to the Municipality after deducting the cost of acquisition and other charges in respect of the

land immediately required for A and A1 Blocks of the Market yard"

In accordance with the above Government Order the Regulated Market Committee has paid to the Municipality a sum of Rs 1,31,145/- as follows:-

Date	Amount paid
18-6-1951	30,000/-
30-6-1951	30,000/-
20-4-1952	40,000/-
23-10-1952	14,610/-
18-10-1952	16,535/-

The expenditure incurred by the Municipality towards formation of roads and providing water supply works up to Rs 1,56,525/- as detailed below -

Total amount spent - up to 30-3-1953		Rs 1,08,000/-
Expenditure during	1953-54	18,632/-
	1954-55	29,543/-
	1955-56	350/-

Besides the Municipality has provided above 40 Electrical Lights

The Secretary, Regulated Market Committee, Davangere intimates in his letter No R M 1009-11/55-56, dated 14th October 1955 that the entire amount realised out of the sale of sites after deducting the cost of the acquisition in A and A1 blocks which amounted to Rs 1,31,145/- has been paid and that no amount is due to the Municipality etc

I further write to state that the Regulated Market is within the Municipal limits The Municipality is looking after the conservancy and sanitation work of the area The major portion of the roads now proposed to be repaired at an estimated cost of Rs 23,000/- is beyond the Regulated Market area, but within Municipal limits and runs through the new Bamboo Bazar and small scale Industrial Colonies which are formed by the Municipality Further I wish to bring to your kind notic that the Secretary to Government, Local Self Government and Planning Departments has intimated please see letter No L 12296/CM 131-5322, dated 24th December 1953 that the Regulated Market area may be included in the Municipal limits and the road (i e , from the Jagalur - Davangere road upto Regulated Market) as well as other roads may be maintained in proper condition by the Municipality Since the Regulated Market area is already within the Municipal boundaries in accordance with Government Notification No L 9299/M1-08-48-6, dated 11-2-1949, the responsibility o

maintaining the roads in the Regulated Market area falls on the Municipality since it has levied mohatarfa assessment on buildings constructed in Regulated Market area The estimate for Rs 23,000/- now sent for sanction is for repairing the road leading from Jagalur Davangere road up to Regulated Market including some of the approaches

In these circumstances, I request you kindly to obtain and communicate early sanction of Government to the estimate for Rs 23,000/- for improving the Regulated Market roads (2¼ miles distance) connecting Jagalur - Davangere road and also to execute the work as per the resolution of the Municipal Council dated 10-10-1955

A copy of the resolution of the Municipal Council dated 10-10-1955, a copy of the Municipal Engineer's report dated 5-9-1955 referred to above, detailed estimate for Rs 23,000/- and copy of letter dated 14-10-1955 received from the Secretary, Regulated Market Committee, Davangere are enclosed herewith for kind perusal

Forwarded,

C Keshavamurthy

Extract of the Proceedings of the Special General Meeting of the City Municipal Council held on 16-10-1955 at 4 p m in the City Municipal Offices, D a v a n g e r e

---

Present

Sri C Keshavamurthy, B Sc , President

Subject No 2

To decide the further action to be taken since no tenders have been received in respect of the work of repairing the roads in Regulated Market area at an estimated cost of Rs 23,000/- in response to the tender notification issued ~~to~~ in accordance with the resolution of the Municipal Council dated 4-10-55 and also to consider letter No L 8176/CM 28-55-4 dated 5-10-55 received from the Secretary to Govt Education and L S G Departments requesting to consider why the entire cost should not be asked to be met by the Regulated Market Committee etc ,

Resolution

Resolved unanimously that item war tenders i e, ~~for~~ rates for metal gravel and sand be called for and the work entrusted to several contractors on piece work basis as per report of th Municipal Engineer dated 5th October 1955 since no tenders are received and also in view of the urgency of the work

It was further resolved tha the Govt be requested kindly to accord sanction to the estimate for Rs 23,000/- since it is for the roads both insid the regulated market area and also out side the area i e, the road from Jagalur road upt the regulated market area, but with in the Municipal limits

sd/ C Keshavamurthy,
President

Subject:- Regulated Market Road Repairs

With reference to the above I write to state that an estimate has been sanctioned for Rs 23,000/- for improving the road surface with in the shortest possible time as there is lot of agitation, but it is resolved in the Municipal Emergency Meeting held on 4th October 1955, t hat tenders may be called for as per rules The earnest money to be deposited is more than thousand rupees and there will no competetating rate from the tenders as the earnest money will be very much and the procedure adopted as usual will not in any way improve the situation and they very purpose for which the action taken will not be fulfilled

Under such circumstances only the rates for collection of materials such as quarry metal, gravel and sand will be called for from contractors and the work will have to distributed among several contractors having 5% deposit to the extent of work entrusted taking into account the lowest tender received for fixing the rates As for consolidation it is usual to adopt the prevailing schedule rates of the locality

Since the work is more and if entrusted to one contractor the work will not be completed in an anticipated time and no relief can be given to the traffic as the season has already commenced

Public Works Department works costing more than Rs 500/- tenders will be called for and entrusted to the lowest tenderer on all works except road original works and maintainance works, where collection and consolidation to be attended during the particular periods taking advantages of rain etc , It is the usual practice in public works Department the works will be taken up on piece work irrespective of the amount of estimate fixing the rates for collection of materials only In my opinion it is better to take up Rs 23,000/- work on piece work, settling the minimum rates by calling for quotations and entrusting the work to various contractors thereby ~~them~~ with earnest money deposit to the extent of 5% of the work entrusted, thereby the work may be completed early

In view of the urgency of t he work, entrusting the work on piece work system at lowest rates is quite in order and also this system is generally adopted in case of urgent works like the project works and for roads and channals, and also since this work demands the immediate diversion of the attention of all the concerned officer for its speedy completion This work may be taken up on piece work system as explained above Meanwhile the tenders have been called for as per resolution passed in the Municipal Council on 4-10-1955

Subject - Improvement of Roads in Regulated Market yard, Davangere

---

With reference to letter No P C 79/55-56, dated 6-10-1955 enclosing copy of letter No L 8176/CM 28-55-4, dated 5-10-1955 from the Secretary to Government, Education and Local Self Government Departments on the above subject and requesting to place at the disposal of the Municipality a sum of Rs 28,600/- to push through the work immediately, I write to state that as per G O No AF 672-5/Mart 39-49-2, dated 15/19th April 1950 the entire amount to be realised by sale of sites may be given to the Municipality after deducting the cost of acquisition and other charges in respect of the lands immediately required for the construction A and A1 Blocks of the Market yard and that the work relating to the layout of sites, formation of approach and interior roads, water and electric supply etc , of the Market may be entrusted to the Municipality

Adverting to the above G O the entire amount realised out of the sale of sites after deducting the cost of acquisition in A and A1 Blocks which amounted to Rs 1,31,145/- was paid to the Municipality and now there is no amount due to the Municipality in this behalf

It could be seen from the above G O that the local Municipality is entirely responsible for the formation of approach and other interior roads etc in the Market Yard

In this connection I may state that the Committee has agreed to pay a sum of Rs 10,000/- as the Municipality was not in a position to bear the entire cost and it could not take up the work even after several reminders in the matter Then the Committee was forced to come to the rescue of the Municipality by agreeing to set apart Rs 10,000/- for the maintenance of works

I may further add that the road under improvement lies entirely within the Municipal limits and that sites have been formed on either side of the road and disposed of The road under reference is situated in the Municipal limits and thus it is the primary responsibility of the Municipality to improve the road in question with it's own Funds as stipulated in the Government Order cited above, which is very clear in this behalf

I therefore request you to kindly apprise the Government in the matter and take up the work immediately to avoid inconvenience to ryots, cartmen and others

MUNICIPAL BRANCH

Dear Sir,

Subject Improvements to roads in Regulated Market, Davangere - Sanction to the estimate for Rs 23,000/-

29 NOV 1955
EDUCATION
GOVERNMENT

*****

I write to state that the roads in Regulated Market area are very badly in need of repairs owing to non-repairs to the same from the last 4 years Further due to recent heavy rains the gravel roads in the Regulated Market area and also the approach roads leading to Regulated Market from Tagalur Road have been damaged very much The roads are not trafficable due to deep ruts and complete washout in many places The Ryots and merchants are loudly complaining in the matter and are demanding immediate repairs to roads

Since the Regulated Market Committee has agreed to contribute a sum of Rs 10,000/- the Municipal Council at their meeting held on 21-9-1955 have sanctioned 2 roads at a total estimated cost of Rs 23,600/- and one of the estimate which amounted to Rs 23,000/-

was sent to Government for sanction vide this Office letter No.W C 79/55-56 dated 2-9-1955 A reminder was sent to Government on 20-9-1955 and a reply paid telegram was sent to Secretary to Government Education and Local Self Government Departments on 30-9-1955 for permitting the Municipality to take up the work in anticipation of kind sanction of Government in view of the urgency of the work But so far no reply has been received

There is sufficient provision in the current year's sanctioned Budget to execute this item of work

I therefore request you very kindly to order for taking up the work for execution by the Municipal Council in anticipation of formal sanction of Government to the proposal of the Municipal Council as it is a work of very urgent nature

With regards,

Yours Sincerly,

C Kesharamaiah
